

## Validate BST

For validated BST:

left < root < right

min max  
(MIN)

## Pseudocode

```
Bool ISBST (root, Node* min, max) {
```

```
    if (root == NULL) return TRUE
```

```
    if (min != NULL && (root->val <= min->val))  
        return false
```

```
    if (max != NULL && root->val >= max->val)  
        return false
```

```
    return ISBST (root->left, min, root) &&
```

```
        ISBST (root->right, root, max)
```

```
}
```
